

**Papillonia Dog Training Academy Invites
Bridget Carlsen
Saturday, July 9- Sunday, July 10, 2016**

Motivational Techniques and Problem Solving

Motivational Techniques

Learn motivational techniques to engage the young dog in the learning process or to make training fun again for the experienced dog. Structure your training sessions so that the dog gets enjoyment from them. Learn how to more effectively use jackpots and training games to achieve and maintain an enthusiastic working dog.

Problem Solving

Bridget will assist working teams with their training problems based on the information provided by working teams in their pre-work questionnaire, as well as her assessment at the seminar. The goal of this seminar is to give each working team several solutions to take home.

For additional details on Bridget, visit <http://www.bridgetcarlsen.com>
